"Give it to Mia" we would say, as she's one of the most enthusiastic, easiest to work with, and performance-minded animators on the team. Mia started knowing nothing about Moho and quickly progressed to full blown expert in record time, successfully problem solving big scenes and nailing style on her way. I wish I could take her with me on every team I've been on since. She raises the skills of those around her by sharing tips and naturally mentors juniors. I highly recommend her to anyone who asks for high vibe, brilliant Animators.

- Dani Abram, Lead Animator on Puffin Rock

Mia is fast and accurate, which is essential when working to the tight deadlines we receive. She is reliable, follows creative direction well but also contributes with valuable input. We love working with Mia and always hope she is available when we are looking for freelancers. She is a joy to work with and I would not hesitate in recommending her.

- Dave Birch, Creative Director, Form Agency

I had the absolute pleasure of working with Mia on Puffin Rock. She is a safe pair of hands for even complex scenes and takes notes well. She helps out other team members and is a real joy to work with. It would be a sad world indeed if I didn't get to work with her again!
